

Non-sew press fasteners,
eyelets and rivets

Success every time.

Quality in highest precision – Prym non-sew products.

Press fasteners, eyelets, rivets, jeans buttons.

The branded quality of non-sew press fasteners, eyelets, rivets and jeans buttons already comes to light in the simple and problem-free riveting using cleverly designed attaching tools. After all, it was Prym that first made non-sew products available to consumers – and to this day our customers still benefit from our many years of experience.

Non-sew products from Prym are exclusively manufactured from high-quality materials. Perfected production processes and finishing techniques ensure resistance to corrosion and precise, lasting function. Washing, spinning, dry cleaning, ironing, mangling – no problem for non-sew products from Prym.

The Vario pliers

A variety of fasteners can easily be attached without any problem using the Prym Vario pliers. For needlework, handicrafts or repair work.

Jersey

Jersey press fasteners with light fastening strength are particularly suited for baby and children's wear.

Anorak

Thanks to their medium fastening strength, press fasteners in the Anorak range are ideal for anoraks, dresses, skirts or fine leather items.

Sport & Camping

Where things are more robust, e.g. for sportswear or camping, for thick leather or tent fabrics, our press fasteners in the Sport & Camping range with heavy fastening strength are the first choice.

Eyelets with washers

They are the right choice for lace-up fastenings and handicrafts, as fashionable decorative elements, for garments and home décor.

Jeans buttons

These buttons are specially designed for use on denim jackets and jeans.
