Printing Instructions

1. Start by only printing the first page of the pattern with the 1 inch by 1 inch & 2cm by 2cm blocks at the bottom.
2. Ensure that your printer is set to print 100%.
 - a. Make sure you haven't selected "Print Entire Image" or "Fill Entire Paper" - this will make your sizing incorrect.
 - b. You must scale the page to 100%.
3. Measure the 1 inch by 1 inch & 2cm by 2cm blocks with a ruler once it's printed and make sure that the size is correct before printing all of the pages.
4. If everything is correct, print all pages at 100% scale.
5. Stick your pattern together and cut it out.
